Harriet,

As we discussed last week, I have looked through my files and have located several subsistence and TEK documents related to Chuitna, some dating back to 2005. I am going to check with the folks at AECOM to see if we can get them uploaded to the SEIS website for your download as many of the documents are quite large and I am worried they won't make it through as email attachments. Stay tuned and I will let you know once the documents get uploaded so you can access the site and download them. I want you to take a look at them and make sure you don't have any objections to sharing them with the other Cook Inlet Tribes. Thanks.
